GRANTS / CONTRACTS

Ongoing Research Support

Clinical and Translational Science Institute RRapid Award Braslow (PI) 04/01/16-03/31/17

This grant will supplement the research project on Assisted Outpatient Treatment in Los Angeles.

Role: Co-Investigator

PCORI AD-1304-6650 Brekke (PI) 11/01/13-02/28/16

Peer Health Navigation: Reducing Disparities in Health Outcomes for the Seriously Mentally Ill.

The goal of this study is to evaluate whether the health and healthcare use by individuals with serious mental illnesses can be improved by participating in a health navigator intervention in comparison with those waitlisted for the intervention.

Amount: \$1,239,970

Role: Co-Investigator

Previous Support

Friends of Semel Kelly (PI) 09/01/13-03/31/16

A Pilot Test of Peer Health Navigators and Client Linked Electronic Health Records in Public Mental Health Services

The goal of this pilot study is to test whether the health and healthcare use by individuals with serious mental illnesses who received a peer health navigator intervention with access to an electronic health record (maintained at a mental health agency) improved in comparison to individuals on a waitlist for the intervention.

Amount: \$100,000

Role: PI

In Preparation/Under Review

Los Angeles County Department of Mental Health Braslow & Brekke (PI)

This study will evaluate the implementation and effectiveness of an Assisted Outpatient Treatment program in Los Angeles County over 2.5 years. It will examine whether involuntary treatment leads to treatment gains in comparison to voluntary treatment.

Role: Co-Investigator

National Institute of Health Kelly (PI)

Improving Physical Health and Health Care among Individuals with Severe Mental Illnesses

The goal of this grant application from the Loan Forgiveness Program - National Institute of Minority Health and Health Disparities is to establish myself as being on track to become an NIH researcher. The foundation of this application is the study on Assisted Outpatient Treatment funded by Los Angeles County.

Role: PI

UniHealth Foundation Brekke (PI)

The goal of this study is to develop a manualized program that helps mental health agencies to improve the addition of integrated care models into their core services.

Role: Co-Investigator
